India's Creator Commerce: Explosive Growth, Persistent Pain Points

“India’s creator ecosystem is rapidly growing, with over 14 million users and more than 21,000 active creators on Meesho alone”

“Percentages based on recent industry studies; platform-level details may vary.”

SOLVING TRUST UNLOCKS MEE SHO'S NEXT GROWTH WAVE

“Trust is the engine driving content commerce”. 

Boost Net Merchandise Value (NMV) per creator

Trusted creators convert more followers into buyers, increasing sales and total platform revenue.

Retain & grow the creator base

With visible trust scores and transparent feedback, creators stay active and new creators are motivated to join.

Improve user engagement—especially in Tier 2/3 markets

Reliable reviews and content grow user participation and repeat purchases in smaller towns and cities.

Accelerate platform scalability and stability

A trust-driven system supports sustainable expansion, reduces risk from fake reviews, and enables long-term growth.

Creator Trust Score: Smart, Dynamic, Actionable

Feature-1

**Voice/Text
Feedback in
Any Language**

Buyers leave voice or text reviews, choosing what's convenient for them

Feature-2

**AI
Moderation**

Machine learning filters out fake, biased, or duplicate reviews to protect creators and buyers

Feature-3

**Dynamic
Scoring (Daily
Updates)**

Creator trust scores are updated automatically using the latest buyer feedback

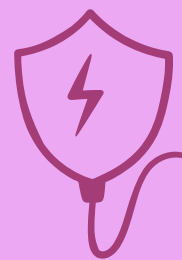

Feature-4

**Badge
Rewards**

Creators earn Bronze, Silver, Gold, or Platinum badges for high scores—unlocking extra visibility and benefits

Buyer Feedback — **AI Moderation** — **Dynamic Score** — **Badges Awarded**

Deep Dive – Trust Score Mechanism

“Empowering creators with real-time feedback to build trust and drive lasting growth.”

Launching with Impact: Our Go To Market Strategy

“A clear, focused GTM plan ensures rapid adoption, sustained growth, and maximized impact for Meesho’s Creator Trust Score.”

Validating Impact: Insights from Creators and Data

Research Insights

80% of creators improve based on buyer feedback.

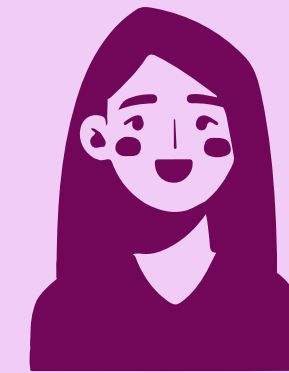

Fake reviews undermine trust; AI moderation restores credibility.

Pilot creators endorse trust scores and badges as motivational tools.

What Creators Say

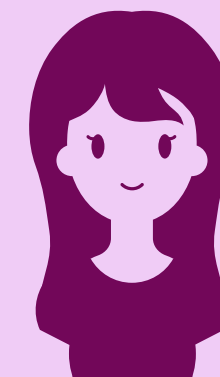

The trust score really motivates me to create honest content

AI filtering made me feel confident that feedback is genuine

Badges and scores help new creators get discovered faster

Feedback in my language makes it easier to improve

“Real stories and data from creators confirm the power of Trust to drive authentic growth.”
